## New Security:

As you may have seen at registration, we have a newly remodeled lobby in the main building. This was done to enhance the security of our building for both the students and staff. Due to this change, all visitors will need to see the receptionist at the service window located to the left of the new lobby area. This is where you will sign out students. If you have an appointment with an administrator or Guidance, you will sign in and be escorted to that office. To save you time and frustration, appointments are recommended.

We appreciate your patience and understanding as we implement these new procedures. Again, we have the safety and well-being of your child as our highest priority.
