## Hale to Lugar Symposium

Junior Braden Hale represented Scott County and Scottsburg High School at the annual Lugar Symposium in Indianapolis.

The Richard G. Lugar Symposium for Tomorrow's Leaders at the University of Indianapolis brings together top high school juniors from around the state for a day of expert discussion on pressing public issues and world events. More than 15,000 promising students have participated over the past 37 years, gaining wisdom, insight and access to some of the finest minds available. Senator Lugar attends the symposium each year, serves as the keynote speaker and provides

students a generous amount of time at the end of his message to ask questions on issues that are important to them. The day also includes a photo of Senator Lugar with students from each of the Indiana counties represented and student sessions featuring speakers debating critical current events.

The signature symposium is designed to expose some of the best and brightest young minds in Indiana—our future leaders—to global issues and help them gain an appreciation for the complexities of these issues.

Students benefit from the wisdom of thinkers and policymakers in fields that include political science, public policy, medicine and law. In keeping with the Senator's commitment to evaluating issues on their merit, the Symposium ensures that the students are presented with a balanced view of the issues, rather than a partisan viewpoint.

Congratulations, Braden!

## **Model United Nations**

The SHS Model United Nations club recently traveled to the University of Michigan for their first conference of the year. The team included Co-Head Delegates Kaleb Mount and Lindsey Boswell, as well as members Leatha Denison, Jordan Shuler, Adrianna Caudill, Zach Hoard, and Evan Howser. They are advised by Michaela Hahn. She says, "MUN teaches about the United Nations and world conflicts while also providing a more in-depth immersion into classroom topics. Attending conferences allows students to build a strong foundation from which to grow both as delegates and students."

Representing Egypt, Haiti, and the United Kingdom in committees, members simulated the UN and passed mock resolutions to solve world problems. Although they were the only first time team at the conference, one of the conference chairs had this to say about a SHS delegate's position papers, "You did an amazing job with your position paper, truly taking on the role of Haiti. Your writing style is sophisticated, your arguments heavily-researched and well-laid out. Great work!"

The club meets Thursdays after school in room 119 and welcomes new members. The next conference will be at the University of Illinois, March 14-16. Also the club will be hosting an SHS conference in May and still has available spots. If interested please speak with Ms. Hahn.

## Coach Honored

SCSD2 is very fortunate to have Al Rabe as both our District Athletic Director and as our SHS baseball coach. Coach Rabe was honored last week in Indianapolis by the Indiana High School Baseball Coaches Association for reaching a milestone 500th win during the 2013 season. He was also nominated to the 2013 Coaches Hall of Fame.

Rabe stated "I have been very fortunate to have coached a lot of great players and have had great assistant coaches who have helped me tremendously." When asked to comment about the award he said, "I don't look for recognition because I haven't won a game. The players win games."

Rabe says he really enjoys working with the Scottsburg program, and is looking forward to his 30th year of coaching this spring.
