Walsh is Honored

This past spring, Abigail Walsh from Scottsburg High School received the Indiana District Key Club Governor's Special Award. She was given this honor due to her immaculate work as the district's 2013-2014 Bulletin Editor. This award is not an annual tradition, but it is installed when a student recognizes and fulfills his or her full potential as a leader. The award also defines the recipient as the most valuable Key Club member during the year.

Immediate Past Governor, Sally Finkel, chose Walsh as her special award winner because "Abby is a friend, sister, and someone who I am so thankful came into my life and served on the district board. Without Abby, the majority of this

year wouldn't have happened. She created graphics on a moment's notice, brought our mascot to life, and created the Indiana District magazine successfully for the first time in the district's history. Abby is so loyal to her home club, and her values always have represented the member perspective, which was so needed and valuable on this board. It has been amazing to watch her grow as an individual this year."

This award was presented to Walsh at the Key Club's 62nd Annual District Convention, which is a leadership and education summit for all Key Club members in the state. Walsh will continue her Key Club journey as she enters her senior year, and as Governor Finkel put it, "I am unbelievably confident that where ever she may go, she will continue to surprise the world with her impeccable leadership."

Athletic Scholarships

Two senior Warriorettes have signed letters of intent to play basketball at the next level. Kelsey Smith will play for Franklin College and Ashley Elliott is headed to Trine.

They are excellent examples of scholar athletes, earning both varsity letters in multiple sports, and graduating with Academic Honors diplomas. We are very proud of you, girls!

Work Transition Picnic

The Work Transition Program ended the year at Beechwood Park for our annual picnic. Sally Webster played the guitar while the students enjoyed singing along. We had horseshoes, croquet, frisbees, basketball, checkers and a few organized group games that were enjoyed by all.

The classroom had prepared the picnic with chicken salad, sandwiches, dips, and cookies. We had a few visitors join us for the fun which rounded out the year with a great day of fun to send us into summer!

SHS Faculty Football Game

SHS students had their last advisory of the year yesterday afternoon. One of the activities was a flag football game between the faculty and the winning student team.

The faculty came out victorious in a defensive struggle 7-0. Students enjoyed the game, but the big winner was New Life. They make water filtration systems for third world countries. Students are pictured presenting a check for \$500 to New Life. This is another example of our students wanting to give back to our community and the world.
