NT Presents

Scottsburg New Tech High School students, parents, teachers and administrators traveled to Clarksville, IN to participate in an informative panel at the Clark County School Board meeting. Clarksville is considering implementing a New Tech High School in their school system.

The New Tech Network made a presentation to the Clark County School Board and the community members and the Scottsburg New

JV Warriorettes are Victorious!

This past weekend the Scottsburg Volleyball Invitational was held at McClain Hall. Our JV team swept the competition going undefeated. The JV team is coached by Lorna Conder. Coach Janet Springer is proud of the Varsity Warriorettes as they were competitive throughout the competition.

The Warriorette Volleyball squad returns home next week against Henryville on Tuesday and Austin on Thursday. Come out and support our girls!

EMT CPR Saturday

Mrs. Tammy Davis volunteered her time this past Saturday to help her students to become CPR certified. SHS is the ONLY school in the state of Indiana that

offers a dual credit course for Emergency Medical Technician.

Students earn college credit through Vincennes University while working on their state certification to obtain an EMT license. Students are required to have Anatomy as a prerequisite. They are also required to have observation hours over the year with EMS and the Scott County Emergency Room.

Students that complete the course may then take the test for their license. This course saves our students and their parents money as there is no charge for this course as a student.

SHS Advisory

This year the High Schools That Work program will implement a key component of its plan for the first time at SHS. The Advisory program which is a big part of the New Tech Curriculum as well as HSTW is being started campus wide.

Students will have opportunities to be a part of clubs, life skills lessons, reading time, and career education. This took extra planning on the behalf of the Department Heads. They planned this effort out this summer and we will implement this now that class meetings have been completed.

Advisory is on Tuesday & Thursday each week. We will also use this time for Extended Learning Opportunities (ELO) and ECA Remediation.
